

**NORTH  
CAROLINIANS  
UNITED  
FOR  
FORESTS**

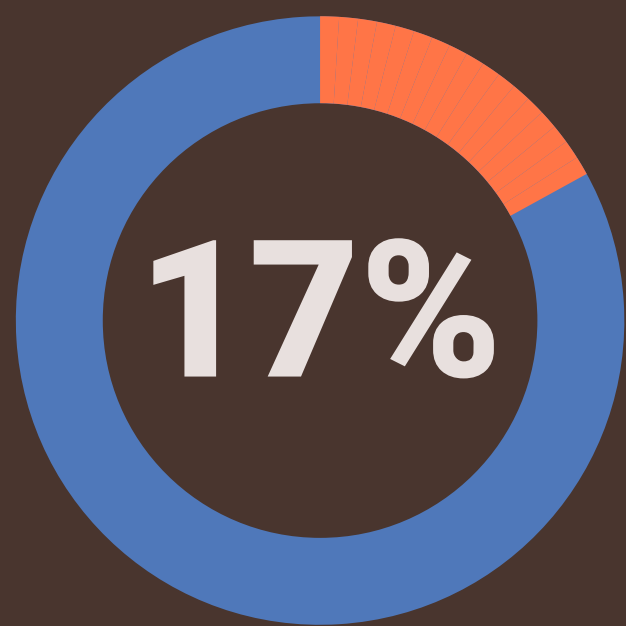

# 7 in 10 residents

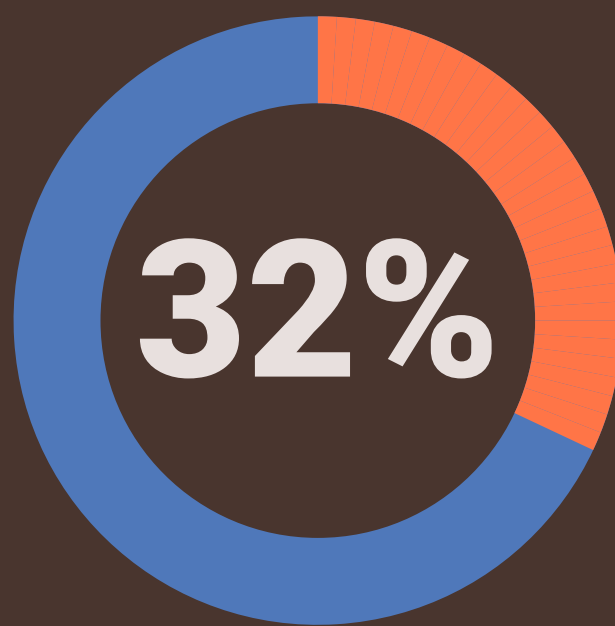

**believe the logging industry  
should be held accountable  
for its emissions**

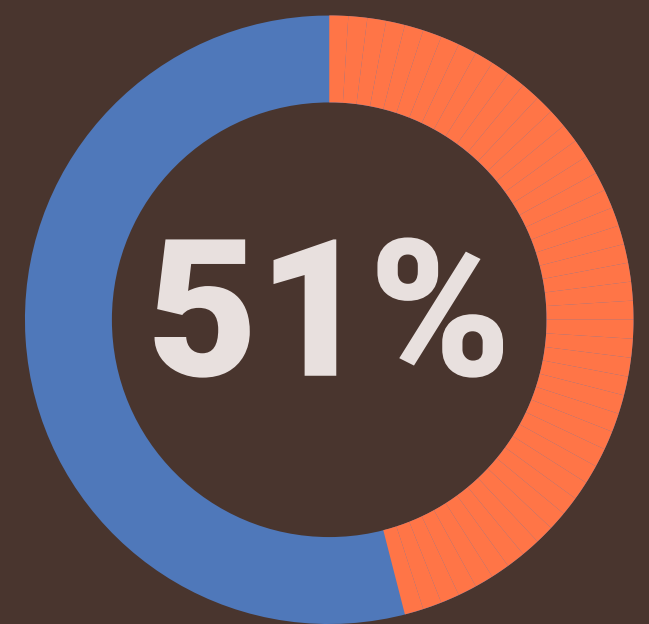

**A majority  
of North Carolinians  
believe we should stop  
supporting industrial pine  
plantations at the expense  
of natural forests**

**continue  
subsidizing**

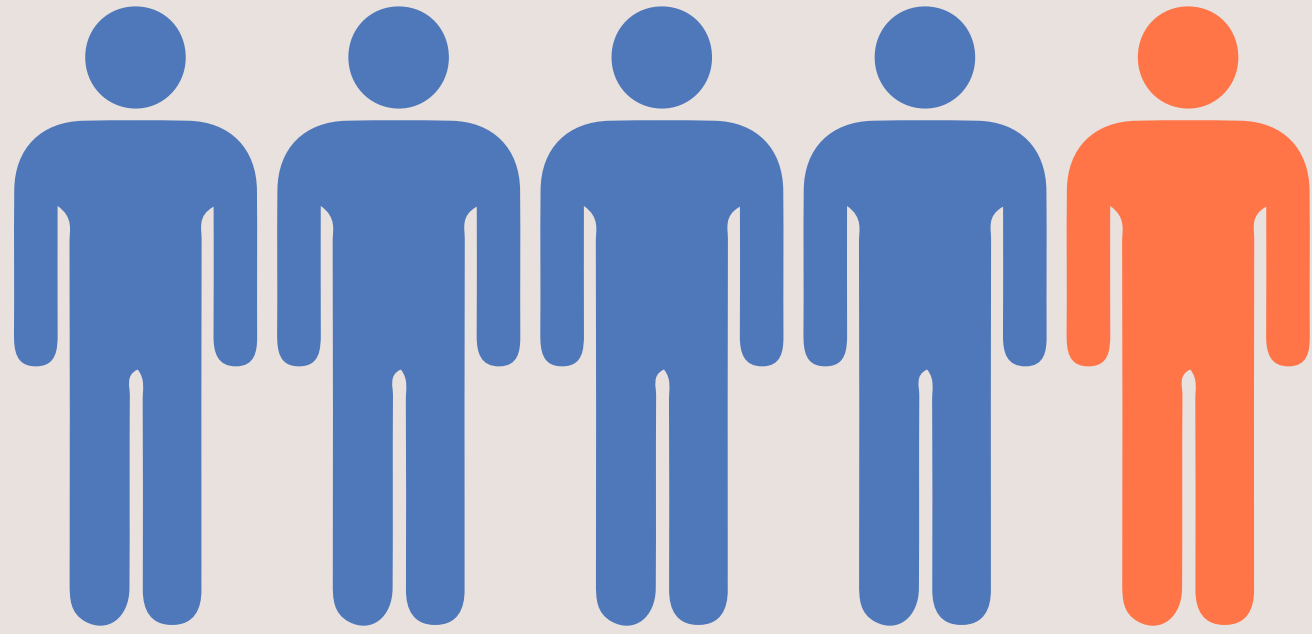

**unsure**

**stop**

**4 out of 5**

**young adults agree**

**that logging makes matters**

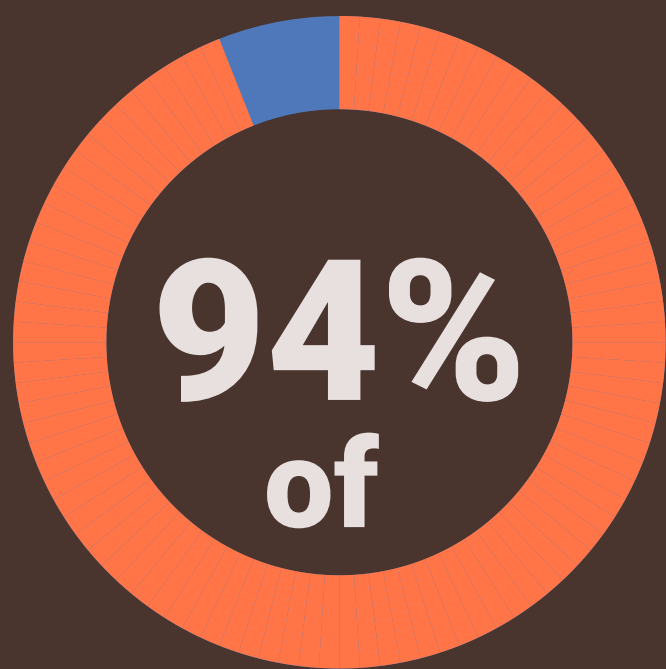

**WORSE**

*78%, no break-down for neutral/disagree*

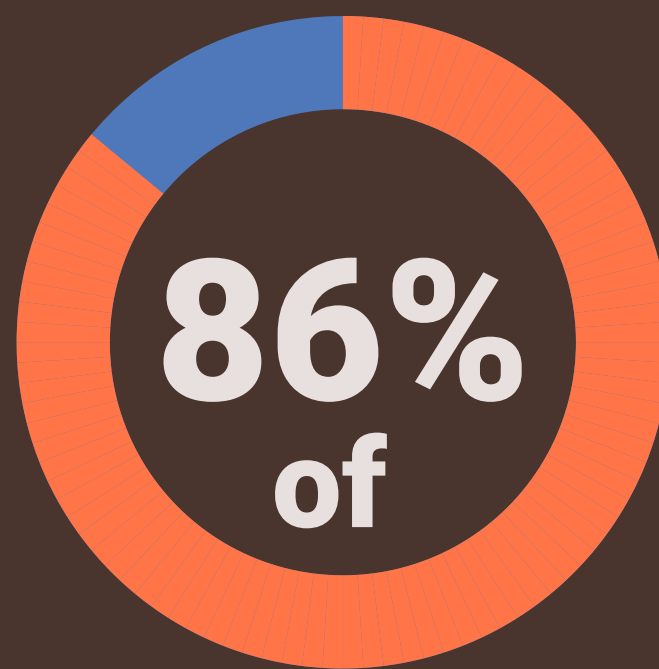

# 7 out of 10 conservatives

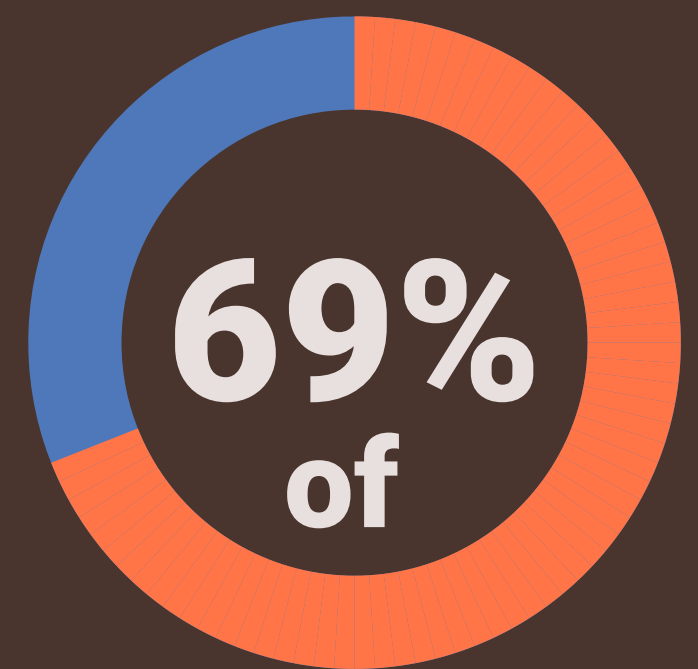

believe that logging is harmful to forests, climate, and our communities, just like those who lean liberal

liberals

moderates

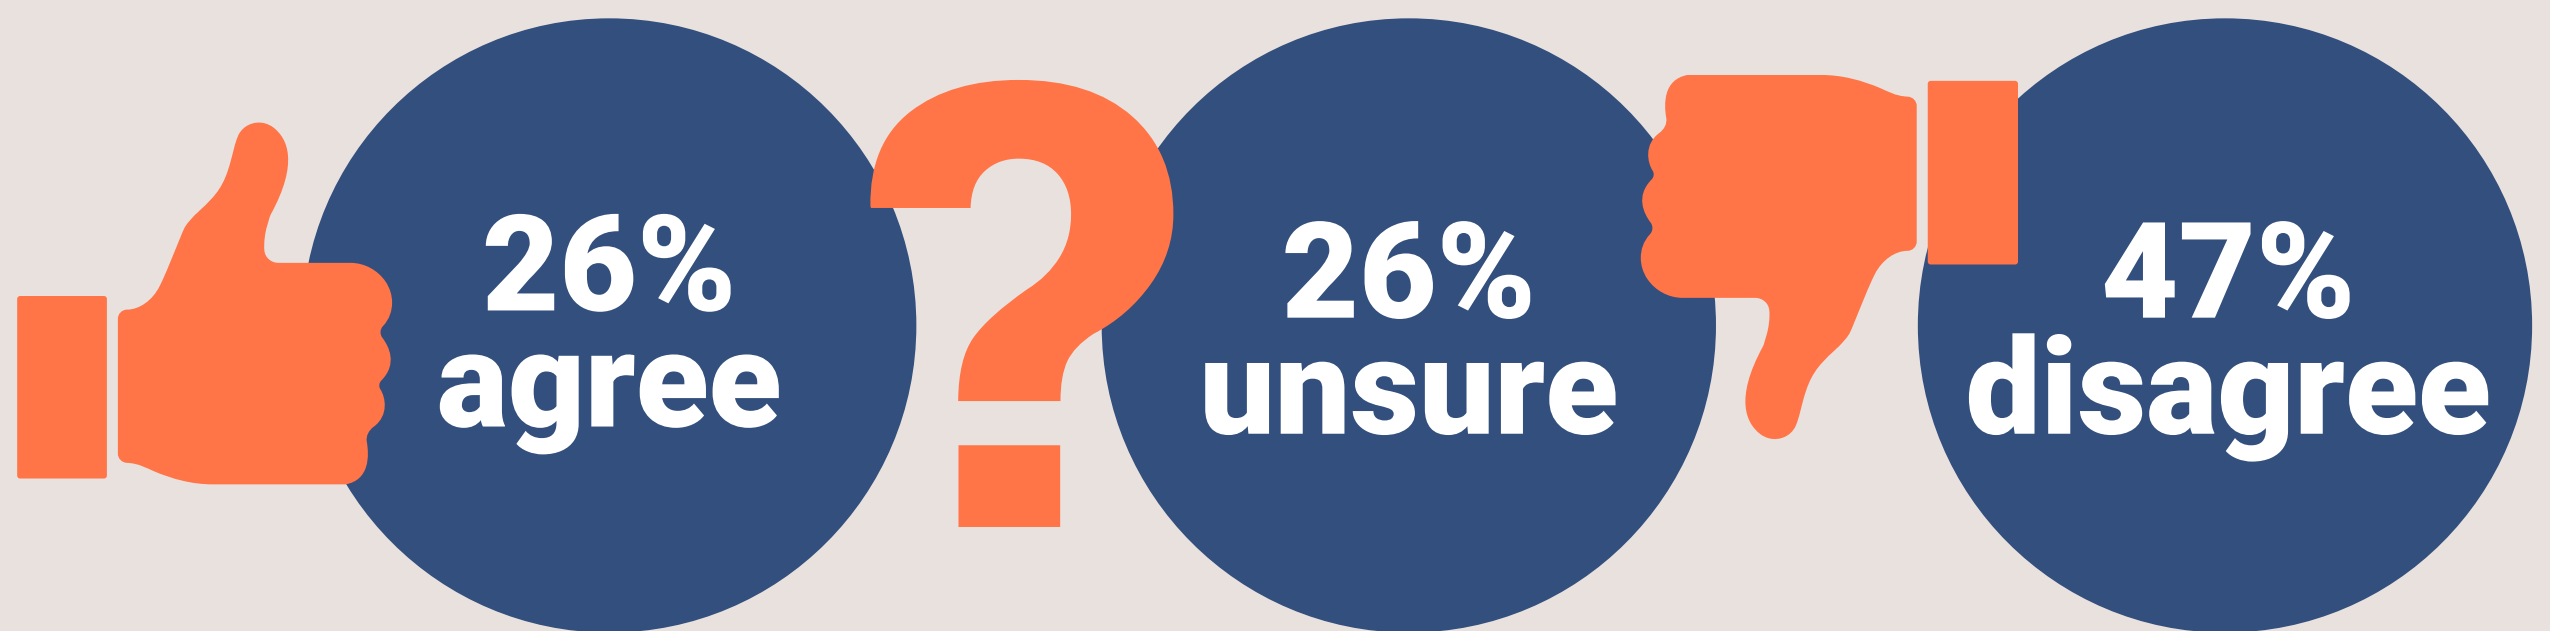

conservatives

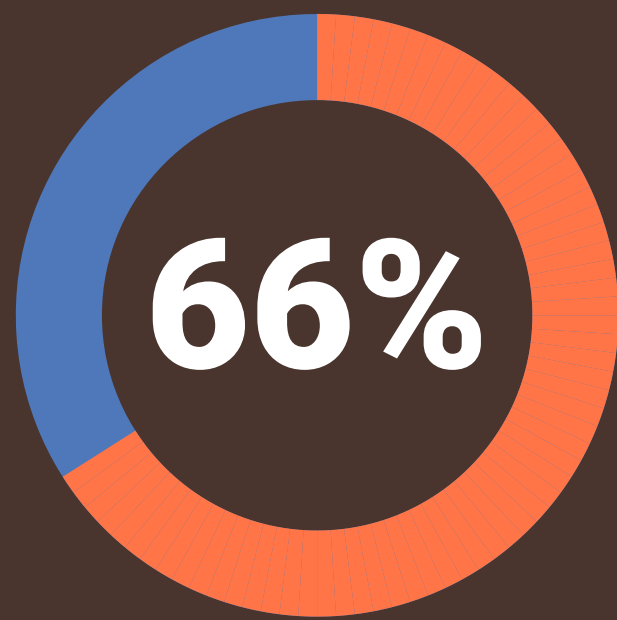

# Only 1 in 4

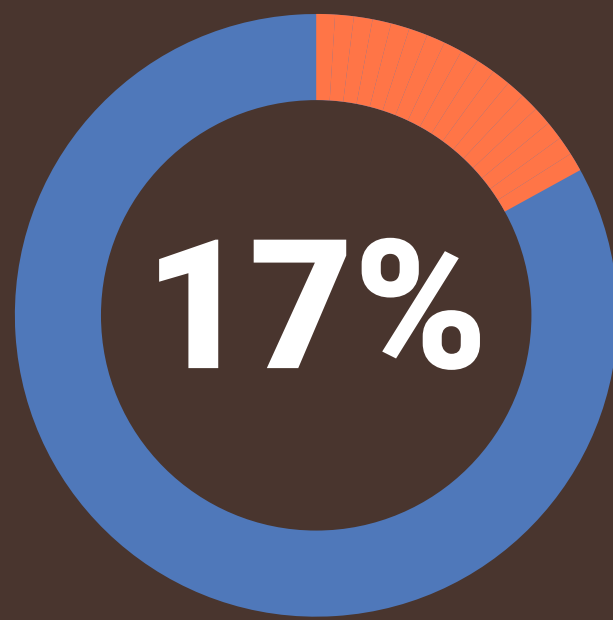

residents believe that dirty  
bioenergy should be  
considered carbon neutral

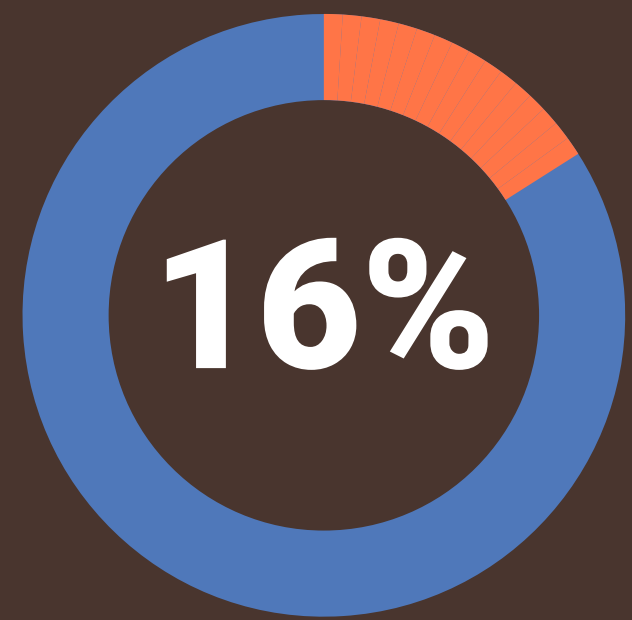

**2/3** of citizens favor stronger restrictions

**in favor**

**unsure**

**oppose**
